

TUITION RATES for Programs: Effective March 1, 2025

This tuition sheet is primarily for families that do NOT qualify for Child Care Financial Assistance (CCFAP). For these families the out of pocket tuition will be the “Non CCFAP Tuition” set out in the tables on this tuition sheet.

Families who do qualify for CCFAP will hold an active certificate and will find their “family share” (tuition) on the certificate they receive from the Child Development Division. This family share will be invoiced on a monthly or quarterly basis on the 1st of each month/quarter. For monthly payors this is calculated as 1/12th of the 12 month total family share based on their existing certificate. For example, if the family share is \$150/week the monthly charge will be calculated as \$150 x 52÷12=\$650/month and this would be collected on 1st of each month *in advance* starting upon the date of enrollment. For quarterly payors, the amount is 13 x the weekly share, there being 13 weeks in a calendar quarter. Families with CCFAP certificates are not eligible for the discounts set out in the Tuition Tables below.

We require all families to enroll in Bank Direct Debit (ACH) and do not accept credit cards. All tuition is due in advance of month/quarter of attendance. We do not offer weekly billing.

- We apply a 5% discount for non-CCFAP quarterly payment plans. Quarterly payments are due on March 1, June 1, September 1 and December 1.
- We offer a 10% sibling discount off the lowest tuition for non CCFAP recipients only.
- We have a one time, non-refundable, registration fee of \$80 per family for all newly registered families. This fee is waived upon registration of a subsequent child.
- We require a creditable deposit equal to ½ month for monthly tuition payments and ½ quarter for quarterly tuition payments for newly registered families, or for families changing tuition payment schedule from monthly to quarterly. If a CCFAP certificate is active at the time of registration then the required deposit will be equal to ½ x Family Share monthly contribution (as calculated above). If a CCFAP certificate is obtained after registration, the deposit already paid will be reduced to ½ x Family Share monthly contribution and any remaining credit balance will be applied.
- A “Non-CCFAP” family is a family who is not eligible for the CCFAP program as of the date of billing and subject to our regular tuition. They have the option of a discounted quarterly payment plan and are also eligible for the “Non-CCFAP” reductions set out in the Tuition Tables below.
